

PET POLICY

At Cornish Traditional Cottages we understand that nothing spoils a holiday more than having to leave your dog at home. With this in mind Cornish Traditional Cottages have selected this property as being suitable for pets and your best friend is more than welcome!

There are a few terms and conditions that we ask you to adhere to, but probably nothing more than you would implement in your own home.

- **Pets must be flea treated before entering the property**
- **Pets are to be kept under control at all times**
- **All droppings on the premises – including and particularly in the garden should be disposed of appropriately prior to departure**
- **Grooming is important – muddy paws and sandy coats are not welcome indoors**
- **Pets are not permitted in the bedrooms or on the furniture**
- **Pets are not to be left unsupervised on the premises as this can result in damage to the property and distress to the pet**
- **Pets are to be exercised off the premises**
- **All bedding must be provided for pets to sleep on**
- **Crockery belonging to the property is not to be used as water/food containers for pets**
- **Pet hairs must be vacuumed & swept up from the property prior to departure**
- **Any paw, nose or tongue “prints” to be cleaned from floors, windows, doors etc., prior to your departure**
- **Please also note that although a property may accept a pet, this does not guarantee that the property has an enclosed garden or is totally escape-proof to all pets**
- **Any damage to the property made by your pet, or extra cleaning required (pet hair on the furniture, droppings in the garden etc) following your departure will result in an extra charge.**

We hope that you understand the importance of these conditions and that you – and your dog – have a wonderful stay!
